**GRADED REPLACEMENT IMPLEMENTATION POSTPONED**

**NEW IMPLEMENTATION DATE: FALL 2021**

This year the Faculty Council approved a change in how grade replacement is handled. The expected implementation was this fall, but with the challenges associated with a global pandemic the Office of the Registrar requested an extension. For summer and fall, a Google form ([https://forms.gle/1jtnznnxwvCzJewk9](https://forms.gle/1jtnznnxwvCzJewk9)) was created to manage grade replacements originally taken in spring or replaced in spring. Students are normally limited to two grade replacements, but any requests that touch spring 2020 are excluded from that maximum count. The current tool cannot accommodate that handling, thus the Google form. For all other grade replacement opt-in requests, the current grade replacement tool will handle as it has in previous terms.

Effective fall 2021, grade replacement will be applied to the first two applicable courses, unless a student opts out. And it will accommodate the spring 2020 exception. This new process remains in development.

**COURSE UPDATES IN ADVANCE OF SOAR**

Colleges and departments are working hard to evaluate projected and maximum course enrollments, along with varying delivery methods as the University meets social distancing requirements in fall. The Office of the Registrar is appreciative of John Smail, the Associate Deans, Department Chairs, and faculty for their help in making these adjustments. It is anticipated that the Office of the Registrar will begin making those changes in Banner, beginning June 9. The window of time before SOAR begins is challenging, but we are confident this can be done with the help of our partners in OneIT. Additional kudos go to Olga Pogorelsky and Nickcoy Findlater on the Registrar team for their leadership in this project.

**FALL TEACHING ASSISTANTS**

Faculty roles for fall teaching assistants will be added approximately 30 days prior to assistantship start date.

**TRANSCRIPT ORDERING CHANGE**

On June 5, around 11am, the Office of the Registrar moved to a new transcript platform. As of the writing of this section 6/8 @ 5pm, we’ve had 185 orders using the new platform (69% electronic and 31% paper). The matriculation fee students pay during their first semester, when introduced, only covered the paper transcript medium. As part of the transition to the new platform, we are now making electronically sent transcripts free for students. This is the cheaper option for us, but competed with the free paper medium in the past. Now that electronic transcripts are at no cost to the student, we expect the use of electronic requests to continue growing. Additional information and statistics will be provided in our July newsletter.
